MANAGEMENT SKILLS

Polymath Land Design

(#717980) registered business with the State of Virginia and has experience in both domestic and international settings. We understand the timely delivery of a project and the importance of maintaining project costs while also designing sites that stress the importance of the health, safety and welfare of those who will utilize it.

Is a Landscape Architecture based design company with a diverse background gained through common applications and principles of Landscape Architecture, Civil Engineering, and the construction industry. PLD is minority-owned, SWaM certified small business

From Landscape Architecture

presentation material such as graphic renderings and photo simulations with a realistic visual representation of the final product. PLD can utilize a variety of software including Autocad Civil 3D, Photoshop, Visual Lighting Assessment, Lumion, Sketchup, Microstation, Microsoft Office, and various others.

PLD can develop plans that will beautify and personalize any site. We provide design documents such as Planting Plans, Hardscape Plans, and Construction Documents that will guide the project from the beginning stages through to completion. We can provide

From Civil Engineering Base

those that are just a few thousand square feet. PLD can plan the site from “cradle to grave” while working with allied disciplines from surveyors, to environmental scientists, and the construction company who will build it.

PLD can create develop plans simple or complex plans to enhance stormwater management, erosion and sediment control, or grading to ensure a safe and harmonious experience for the user.
